

The Answers Cafe provides tutoring and academic support services for students. We assist students in developing helpful strategies and implement them in their studies or college preparation for academic and personal success.

### Organizational Tutoring

Organizational tutoring is for students who need one on one help with organization and follow-through skills. Tutors employ specific strategies that assist students and parents in developing executive functioning skills.

### Academic Tutoring/Credit Recovery

Academic tutoring is individualized tutoring for students of all levels and all subject matters. Tutors work one on one with students enrolled in day schools or distance education programs. Tutoring services may facilitate credit recovery, remedial strategies or advancement of subject knowledge.

### SAT/ACT Prep

Test preparation is provided on an individual basis in one on one strategy development. Test preparation services include a variety of opportunities, including college and private school entrance exams.

### College Application Support

College application support consists of individual or group sessions. These are designed to assist college bound students in researching college options and/or guided and monitored assistance in student related application activities.

### Assessment Services

Assessment services are provided by qualified diagnostic personnel and are commonly used to evaluate the strengths, limitations, and interests of individual students.

Assessment categories include:

- Educational Assessments
- Psychological Assessments
- Career and Aptitude Testing
